PHYSICAL THERAPY CONSUMER NEWS SERVICE

As my patient, I hope and trust that you have developed an appreciation for the value and importance of Physical Therapy. As you might imagine, and have probably even experienced firsthand, we are being faced with many challenges regarding issues of insurance coverage, benefit authorizations and appropriate payment for the services to which you are supposed to be entitled, and certainly deserve. In recognition of this, I am asking if you would be willing to participate in our Consumer News Service. This is an e-mail notification service to alert you when important issues that may affect your rights to access Physical Therapy services in the State of New Jersey State. It is solely to keep you apprised of news that can directly impact your health and well being.

To participate all you need to do is list your Name, E-mail Address and Home Zip Code below. I will then make sure that you are notified when issues that impact upon you are being considered by the NJ Legislature. This notification will come directly from the *New Jersey Society of Independent Physical Therapists*, (NJSIPT) to which I belong.

Providing this information will simply allow me to help you to take appropriate action when the need arises.

Thank you for your consideration of this request.
